

2015 Competitions Director Report

On behalf of the Competitions Committee and GNL I want to thank the clubs that hosted the 2015 championships. As well, we all acknowledge and appreciate the financial and marketing support of our corporate sponsors and initiating the first annual fund raising event ,which in 2014 was a Dinner and Auction. Through these contributions the committee has successfully fulfilled its objectives of:

- Increasing the number of players competing at Provincials
- Attracted the best of our courses in hosting the events.
- Added activities and prizes for the enjoyment of the players

2016 Goals

As the incentives above are still priority objectives, we the golf committee propose to continue to:

- Assist the Fund Development Committee in a second fund raising event
- Assist in setting up an annual fund raising golf tournament
- Assist in attracting more females to both the Adult and Junior Provincials

SUMMARY

As I am stepping down as Competitions Director, I would like to take this opportunity to thank all who have supported GNL and our Competitions Committee in our efforts to promote the game of golf. I also publicly thank our Executive Director, Greg Hillier, who works diligently on our behalf and without who we would not realize the success we

are now enjoying. My thanks go to the Board members for their support. I wish the new Director every success and look forward to working as part of the Competitions Committee under his/ her direction. And I give a very special thanks to our committee Allison Crawford, Steve Hawco, Dave Corky and Marchetta Gallant. We met our goals. Congrats.
