

Rules Director's Report 2015

2015 was an extremely busy year for your Rules Committee. In addition to providing officials for our two Royal LePage provincial tournaments, we attended the Atlantic Championships at the Terra Nova Golf Resort and also officiated at our second high school tournament held at Admiral's Green Golf Course.

My sincere thanks are extended to Bruce Watson, Kay Thompson, Leonard Woodford, Mike & Cathy Callahan, Gerard Martin, Walter Crotty, Marcheta Gallant and David Moakler for their assistance and professionalism this past summer. I would also like to extend a word of thanks to the management and staff of all three clubs for their support and in making my job a great deal easier. Finally, thank you to the local officials who helped out at the various Tely Junior Golf Tour events across the province this summer. You make Bruce and Kay's jobs easier.

Congratulations are also extended to Marcheta Gallant and Pengfei Liu on successfully completing our Level 3 Rule's requirements and attaining Level 3 Provincial Rules Status. A job well done.

For 2015/2016, we have been contacted by approximately 20 individuals interested in participating in our on-line Level 3 Rules sessions commencing in January 2016. Several aspiring officials from the Maritimes are also joining with us as word has spread as to the quality and accessibility of the program. We are forced to wait until the new- year to start the program as the Rules of Golf are being updated effective January 1, 2016. We require the updated rule's books before we commence. We encourage you to spread the word among your members who may be interested in joining us. You can contact Greg Hillier, Bruce Watson or me for further information. It's a great way to spend a cold Monday evening over the winter months !

Our mandate to provide qualified, experienced officials throughout our great province and to our great game remains unchanged. We are proud of our accomplishments and are continually striving to provide you, our members, with competent, certified rules officials and a first class education program at the club, provincial and national level. We thank you all for your interest and assistance and look forward to your continuing cooperation in the future.
